A Message from The Headteacher

Assalamu Aleykum Parents/Carers,

Ramadan is the ninth month in the Islamic calendar and is a period of prayer, self-control, charity, and goodwill to others. For our school community, this is an excellent opportunity to think about self-discipline and consideration of other people. Allah (SW) says

O you who have believed, decreed upon you is fasting as it was decreed upon those before you that you may become righteous"
-- Surat Al-Baqarah 2:183

Fasting teaches restraint, the ability to control worldly desires, and spending time in prayer and meditation. Fasting is a noble act beloved by Allah (SWT).

One of the stand-out features of the month of Ramadan is that the Holy Quran was revealed to Prophet Mohammed (PBUH) during this time. This book of guidance is an invaluable treasure of information on how to live life as a good Muslim to this day.

Importantly "Allah has made Laylat al-Qadr this month, which is better than a thousand months, as Allaah says...The Night of Al-Qadr is better than a thousand months. Therein descend the angels and the Rooh [Jibreel (Gabriel)] by Allah's Permission with all Decrees, there is peace until the appearance of dawn."

- Al-Qadar 97:1-5

Lailat-ul-Qadr is the esteemed jewel of Ramadan. This night carries more blessings than a thousand months. We must spend this night in prayer and meditation; to make dua and seek forgiveness for past sins. There is salvation in this night; a chance to be cleansed of all sins and reborn again.

Ramadan is a gift from Allah (SWT), an opportunity for Muslims to capitalise on and earn His blessings and a way to seek salvation and forgiveness. We should all make the most of it. Let's all make this.

Ramadan the best Ramadan yet.

Good to be Green Behaviour Sanctions

Changes to the Behaviour Policy

Although most pupils responded well to the “Good to be Green behaviour policy”, few children exhibited low-level disruption, and there were no clear sanctions to rectify such behaviours. As a result, a sequence of steps was created for unwanted behaviours. However, children are allowed to correct their behaviour before receiving a yellow or red card unless the behaviour/s displayed hits the criteria set out by red and yellow. These behaviours and categorisations have been determined through pupil and staff voices. They are fluid according to the impact they have on overall behaviours. If any changes are needed, staff and pupils will discuss changes together for rectification.

If you don't follow the Assunnah good to be green Code, the adults will pursue the following.

Stage 1 - Non-Verbal Warning Adults use non-verbal warning, e.g. eye contact, shake of the head, a single raised finger to let you know that they are not happy with your behaviour. Think carefully about who your behaviour could be affecting, can you make the right choice? If your behaviour continues

you the behaviour they want to see. Are you making the right choices now? If your behaviour continues

Stage 3 - Stop and think card You will be given a stop and think card. This is an opportunity for you to rectify this situation; who is the victim? A child or an adult, how can you repair the relationship with the victim? If your behaviour continues then

Stage 4 - Yellow Warning Card - Lesson Reflection Time You will be sent to another class where you will have time to reflect on your behaviour. A reflective time will take place with an adult, this will be during your playtime to rectify and repair the relationship with the victim. As a standard consequence you will miss 15 minutes of your playtime, parents informed.

Red Warning Card Headteacher - If inappropriate behaviour continues, a referral will be made. Your parent will be contacted.

Exclusion - If you are excluded from school to discuss your behaviour. Your consequence is you might have to work in a different building for reflection or serious circumstances excluded. You will lose all your playtimes; you will not take part in the house or team's trips.
